PROFILE

I am a **Fullstack developer with over 3 years of experience** in web application development. I specialize in JavaScript/TypeScript and have completed a large number of projects. I am very passionate about technology and constantly seek to improve my programming skills and knowledge. I am currently taking an **AWS Practitioner** course to expand my knowledge in **cloud computing**.

FullStack developer - Graduate of Apx.school

EXPERIENCE

Fullstack web developer in Triunfo360

Feb 2024 - Now

Remote - Montevideo, Uruguay

- Design and develop attractive user interfaces and APIs using **Tailwind, React, HTML, CSS**.
- Gained experience in **leading and forming developer teams** and **recruiting**.
- **Solve both technical and communication problems** essential for teamwork.
- Primarily work on the Frontend, where I **lead** the project team.

FullStack Developer career

Apx.school

Mar 2021 - Nov 2023

- I learned basic web fundamentals like **DOM, HTML, CSS, JavaScript**, use of **REST APIs, web hosting, and HTTP/HTTPS protocols**.
 - I also delved into more advanced fundamentals such as using **libraries** and **frameworks** like **React, Express, Node.js, and Next.js (SSR and ISR)** among others, **TypeScript**, managing **SQL, NoSQL, and Realtime Databases (PostgreSQL and Google Firebase)**, data encryption, **OAuth, JWT, CI/CD deployment**, website optimization with tools like **Webpack, Parcel, Lazy Loading, and Lighthouse**, **Git, Testing (unit tests with AVA)**, and **payment gateway integration with MercadoPago**, search databases and **geolocation** with **Algolia**.
 - Furthermore, I specialized in methodologies such as **Mobile First, MVC, Agile, Scrum, Kanban, Pair Programming**, and **Design Thinking**.
 - I have created **multiple projects** using the mentioned technologies and methodologies, some of which can be found in my **portfolio** at <https://lucasalvetti.github.io/portfolio-frontend/>
-

EDUCATION

Apx school FullStack Developer career

Mar 2021 - Nov 2023

AWS cloud computing course at Coderhouse (In progress)

Jul 2024 - Now

IDIOMAS

Spanish: Native

English: B2 (Upper Intermediate)

HARD SKILLS

- **DOM**
- **HTML**
- **CSS**
- **JavaScript**
- **API REST**
- **Web hosting**
- **HTTP/HTTPS Protocols**
- **React**
- **Express**
- **Node.js**
- **Next.js**
- **Tailwind**
- **TypeScript**
- **SQL (PostgreSQL with sequelize)**
- **NoSQL (Google Firebase)**
- **Realtime Database**
- **OAuth**
- **JWT (JSON Web Tokens)**
- **Deploy CI/CD**
- **Webpack**
- **Parcel**
- **Lazy Loading**
- **Lighthouse**
- **Git**
- **Unit Test with AVA**
- **Mobile First**
- **MVC**
- **Agile**
- **Scrum (Trello)**
- **Mercadopago (Payment gateway)**
- **Github**
- **Algolia**

SOFT SKILLS

- Management skills
- Communication skills
- Teaching experience (Former teacher)
- Critical thinking
- Problem-solving skills
- Enthusiasm
- Open-mindedness
- Patience and empathy
- Versatility
- Quick learner
- Autonomy in projects
- Recruiting experience
- Design Thinking
- Technical and communication problem-solving
- Teamwork
- Effective communication
- Adaptability
